Washington University EMS is looking forward to its 4th annual EMS conference on May 3-4, 2018 in St. Charles, Missouri. It will be held at the Ameristar Casino Resort Spa, One Ameristar Boulevard, St. Charles, MO 63301.

This conference will introduce EMS professionals to the latest in scientific advances in out-of-hospital medicine. Regional and national speakers will discuss cutting-edge topics important to how out-of-hospital medicine is provided and present new ideas and concepts vital to EMS professionals.

Who will attend? Marketing of the conference has been focused on EMS providers in Southern Illinois, Missouri, Kansas, Iowa and Arkansas. Administrative managers have been made aware of the conference as well through direct mailings asking them to post flyers and send email to employees notifying them of the conference. The 2016 conference was attended by over 130 pre-hospital providers including EMTs, paramedics, nurses and chief officers. It is anticipated that 150 pre-hospital providers will be in attendance this year.
